

## *Carl's Father Dies*

In 1964, Alvie Hewett, Carl's father died. Carl never spoke much about this event, so I have very little to relate. I do know that Carl's brother, Dewey, did all that he could to discredit Carl in his father's eyes. I am quite sure that Alvie refused to see Carl before he died, due much to the influence that Dewey had with Alvie.

Twelve years later, in 1976, both Alvie and Dewey spoke through a trance medium, and apologized to Carl. This story appears later in the diary.
